

# Seniors Home Learning Choice Board #2

- ★ Week 2 learning. This is intended for Wednesday 15th - Tuesday 22nd April. We will then send out new work relating to our new Term 2 unit: How do I nourish my body?
- ★ Remember: This work is NOT marked or checked. So there is NO pressure to complete all or any of it. We have put lots on here so that you and your child(ren) have choices.
- ★ Share: If your child completes something on here, or anything else at home that you would like to share with the teacher, please do! We love receiving emails and seesaw communication of what your child and whānau are up to.
- ★ Extra: If students still need something to do, there is always StudyLadder (maths and reading) and EPIC (reading) to do.

Reading	Writing Choose 1 of these and post it onto Seesaw by Friday this week.	Maths	Creative	Making a Positive Difference
Sign up to EPIC (use your class code) and choose a book to read. Room 11: kic4984 Room 12: gjv1480 Room 13: ixm0551 Room 14: bih5063	Find a picture (in a magazine, newspaper, online, <a href="#">Pobble 365</a> ) and write: - What can you see? - What do you <b>think</b> is happening? - <b>Write a story</b> to describe what will be happening next in the story. Remember to entertain the reader. Use lots of description.	Play a board game with your family like snakes and ladders, tic tac toe, last card, go fish, monopoly, chess, checkers	Choose a <a href="#">person</a> or <a href="#">event</a> in NZ history and create a <a href="#">Kahoot</a> to send to your friends and play with your family at home.	Make an encouraging card that can be sent to a nurse or doctor that is in hospital, caring for people with Covid-19.
Read a recipe book and tell someone in your family how to make it. Perhaps read it aloud when they are making it.	Make a comic on paper, perhaps change one of your favourite stories with different characters. These could be superheroes, famous sports stars, favourite tv characters.	Draw a map of your house and if you don't have anything to measure it with, use steps to find out the perimeter and area of each room.	Design a menu for a day for your family including breakfast, snacks, lunch and dinner meals.	Teach te reo! Using the <a href="#">Māori Dictionary</a> see how many items in your house you can label. Use card and a pen to stick them around. Challenge: Can you label more than 20 objects??

<p>Find an old Duffy book and read it again. Choose one of the chapters/pages and draw the picture in your head of what is happening on that page.</p>	<p>Poem for the week: <a href="#">Haiku</a>. Write a haiku about an activity that you did on camp.</p>	<p>Help cook a meal, figure out how much of each food item you will need</p>	<p>Design your dream house, playground, sports arena, or setting for a computer game.</p>	<p>Learn Te Reo with these usefull videos <a href="https://www.heihei.nz/config/browse/screen/video-content/collection/details?cid=6507">https://www.heihei.nz/config/browse/screen/video-content/collection/details?cid=6507</a></p>
	<p>Get an old newspaper, magazine, scrap mail, cut out different words to make a poem or a nice letter to someone in your family</p> 	<p>Play a math game. Attached is a website with lots of math games. You may need to modify the game to suit your child's learning.</p> <p><a href="#">Math activities</a></p>	<p>Go on an insect hunt outside, make a collection. Draw your insects,</p>	<p>Make dinner for your family?</p>
	<p>Look out the window and describe to us what you can see, hear, notice, wonder...</p>			<p>Tidy up an area of the house or do something nice for your parents/ caregivers or siblings.</p>
