### Room 15 Classroom Item Colour Science

Room 15 have been learning about different colours.

We mixed colours together.

They were black and white, red and yellow or red and blue.

When we mixed these colours, they made secondary colours like grey, orange and purple.

### Congratulations to our Certificate Winners

## Support a Refugee Family in Hamilton!

Free training courses to become a Refugee Support Volunteer (RSV) with New Zealand Red Cross will start 10 September and 5 November. After completing 6 training sessions volunteers are placed in teams to support newly arrived refugee families for their first 3-6 months in Hamilton. The support is very practical: setting up a house, showing the new arrivals around Hamilton, assisting them with doctor's registrations, school enrolments etc. Help a family who had to flee their country start a new life in our community. Learn about different cultures and meet new people and make a difference. Contact NZ Red Cross: [Linda.weijsers@redcross.org.nz](mailto:Linda.weijsers@redcross.org.nz); phone: 027 201 2044
